

REMARKS

In the above referenced Office Action, the Examiner required an election of one of the following groups:

1. Claims 1-27; and
2. Claims 28-43.

Additionally, upon an election of group 1, the Examiner required an election between:

- (a) Species A, selecting an actuator mechanism; and
- (b) Species B, selecting a set of controls laws.

In response, the applicant elects Claims 28-43 without traverse. Non-elected claims 1-27 have been canceled without prejudice to pursuing these claims in a continuation, divisional, continuation-in-part or other application.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 50-0665, under Order No. 030048104 JS from which the undersigned is authorized to draw.
